

Dietary supplement with  
Senna, boldo, couch grass, fennel,  
anise, mint and chicory inulin extracts.

Box of 10 capsules  
EAN code: 3401560012712

## PROPERTIES

- Rich in fibre.
- Senna helps to **ensure a regular intestinal transit in case of occasional constipation.**
- In 1946, **Robert Densmore** founded his laboratory in the Principality of Monaco and imported from the United States a **plant-based formula, which has been used for several decades in transit problems.** He named it "**Tisane Garfield**" in honour of US President James Garfield, whose nomination date was the same date as its first marketing in the United States. The Tisane Garfield herbal tea was **distributed in many countries** and had **great success.** The Suvéal Santé Transit formula is based on the Garfield herbal formula.

## AVERAGE NUTRITIONAL VALUES

	Per capsule
